Amendments to the Claims:

A listing of the entire set of pending claims (including amendments to the claims, if any) is submitted herewith per 37 CFR 1.121. This listing of claims will replace all prior versions, and listings, of claims in the application.

Listing of Claims:

1-8. (Canceled)

9. (Previously presented) The mobile apparatus of Claim 10, wherein
the processor is configured by data received from either one of the first and the second communication networks.

10. (Previously presented) A mobile apparatus comprising:
first interface means for communicating over a first communication network using a first data format;
second interface means for communicating over a second communication network using a second data format;
a processor; and
a user interface for exchanging data of a third format with a user; and,
wherein,
the processor is:
coupled to the first and second interface means,
configurable to forward first data received from the first network to the second network after conversion of the received first data from the first format to the second format, and
configurable to forward third data received from either one of the first network and the second network to the user interface after conversion of the received third data to the third format.

11. (Original) The mobile apparatus of Claim 10, further comprising
a memory arrangement for storing the converted third data of the third format.

12-14. (Canceled)

15. (Previously presented) The apparatus of Claim 10, wherein
the processor is configurable to forward second data received from the second
network to the first network after conversion of the received second data from the second
format to the first format.

16. (Previously presented) The apparatus of Claim 10, wherein
the received first data is text message data.

17. (Previously presented) The apparatus of Claim 10, wherein
the first communication network is a radio telephony network.

18. (Previously presented) The apparatus of Claim 10, wherein
the first data format is a Short Message Service data format.

19. (Previously presented) The apparatus of Claim 10, wherein
the second communication network is a Personal Access Network.

20. (Previously presented) The mobile apparatus of Claim 10, wherein
the processor is configured by a user.
